

MTTG Volunteer Orientation & Safety Brief

Thank you for volunteering with Marty Turcios Therapeutic Golf (MTTG).

MTTG uses golf as a form of therapeutic recreation to help individuals living with disabilities build confidence, independence, and long-term participation in physical activity.

Our clinics serve individuals with a wide range of physical, cognitive, developmental, and rehabilitation-related needs. Your role helps create a welcoming and supportive environment for participants.

Your Role as a Volunteer Volunteers support the program by helping with: • participant check-in • clinic setup and breakdown • equipment organization • assisting with simple logistics • offering encouragement to participants • supporting special events or on-course outings when needed <i>Volunteers support the program under the direction of MTTG staff and instructors.</i>	What Volunteers Should NOT Do Volunteers should not: • provide golf instruction unless specifically directed • physically assist participants without staff guidance • make medical judgments • move adaptive equipment without instruction • create their own safety procedures <i>If you are unsure about something, ask MTTG staff.</i>
Participant Interaction Expectations Treat participants with dignity and patience. Helpful guidelines: • ask before assisting someone • avoid making assumptions about abilities • be encouraging and respectful • allow participants to move at their own pace <i>The goal is to support independence whenever possible.</i>	Safety Guidelines MTTG clinics take place in active golf environments. Please remain aware of: • swinging golf clubs • flying golf balls • moving golf carts • uneven outdoor surfaces • weather conditions <i>Always stay alert to your surroundings.</i>
Adaptive Equipment Safety If adaptive equipment is being used (such as a Paramobile), only MTTG staff should operate or provide instruction related to adaptive equipment unless directed otherwise.	Emergencies If an emergency occurs: • notify Marty or MTTG staff immediately • do not attempt to manage emergencies independently unless instructed
Questions: If you ever feel unsure about your role, ask ... we would rather answer questions than have volunteers guess.	

Thank you for helping MTTG create meaningful recreational opportunities for our participants.
